

## **Dr. Ang Xinying**

### **Senior Psychologist**

### **Registered Psychologist (Singapore), Ph.D. (Clinical Psychology)**

Dr. Ang Xinying received her training in psychological assessment while working in public service, as well as during graduate school and on her post-doctoral fellowship in the U.S. She is grateful to her past supervisors and teachers who contributed to her competencies in using a range of assessment tools, as well as reliable and valid measures to support her clients. Dr. Xinying has conducted cognitive and mental health assessments with children, adolescents and adults in a variety of settings, including a community mental health centre, an ADHD clinic, youth detention facilities and psychiatric hospitals. She believes in providing a compassionate and therapeutic space to facilitate her clients' self-discovery in the process of assessment.
