

WEBINAR on 17, 18, 19 Feb 2025 (3pm - 7pm)

Calling: Supervisees, Supervisors of Practice & Supervisors of Supervision

Developing Skills in Supervision: Giving and Receiving Supervision

SYNOPSIS

This workshop aims to help supervisors and supervisees explore & articulate their relationship to supervision through a reflexive inquiry so that they can work together to create a relationship with a relational reflexive rigour and imagination.

[Click To Register](#)

SOME KEY TAKEAWAYS:

- Understanding of one's narrative of supervision at multiple levels of meaning
- Awareness of experience of and approach to supervision
- Familiarity with supervisory techniques
- Extending abilities to make the most of supervision while giving and receiving supervision
